TOP PICK: THE PONY CLUB

Shared dining is an idea fast catching on among foodies and restaurateurs and we can see why. There's nothing better than visiting a great restaurant and trying out a few of the meals and tastes on offer. Tapas is traditionally Spanish-style food but many local chefs are adapting the idea of serving bite-sized morsels for sharing to incorporate all styles of food.

At our top pick, The Pony Club in Mt Lawley, you will find a fantastic tapas menu featuring dishes with a Mediterranean feel. The restaurant has been superbly fitted out. Combine that with head chef Michelle Lawson's food and you will walk away happy. Remember to save some room for desserts which the restaurant also does very well.

Service and the wine list are also top-notch so make sure you book in advance because securing a table can be tricky.
